Guidelines for Livestock Photos

## Photo 1: Tag in Ear

☑ Clear photo — able to read tag numbers

☑ Zoomed in enough to read tag numbers

Photo 2: Three Foot View of Head/Tag

☑ Visibly confirms that tag has been applied to animal's ear

Avoid these common mistakes that will require you to resubmit your photos:

✖ Too blurry to read

✖ Zoomed out too far. Need image of animal's head—NOT whole animal image
